

ANDROID AUDITOR: SECURITY REPORT

Enterprise Grade Binary Forensics | 2026-10-08 11:34

Target Application: com.heyta.p.lab
Package Name: com.heyta.p.lab

1. Security Analysis Overview

RISK SCORE: 7
VERDICT: Suspicious
TOP FINDINGS: No high-risk permissions, Secrets=128, Exported=8.

2. Detailed Findings & Remediation Guide

Component / Vulnerability	Contextual Risk Analysis	OWASP Cat.	Remediation Guide
Permissions	com.heyta.p.lab categorized as General. Permissions seem standard for this type.	Info	No immediate action.
Hardcoded Secret	Found Sensitive Keyword: ; password:...	M2: Insecure Data Storage	Use Secrets Manager or Android Keystore.
Hardcoded Secret	Found Sensitive Keyword: END_ICON_PASSWORD_TO...	M2: Insecure Data Storage	Use Secrets Manager or Android Keystore.
Hardcoded Secret	Found Sensitive Keyword: Landroid/text/method...	M2: Insecure Data Storage	Use Secrets Manager or Android Keystore.
Hardcoded Secret	Found Sensitive Keyword: Lcom/google/android/...	M2: Insecure Data Storage	Use Secrets Manager or Android Keystore.
Hardcoded Secret	Found Sensitive Keyword: Lcom/google/android/...	M2: Insecure Data Storage	Use Secrets Manager or Android Keystore.

3. Hardcoded Secrets Found (Executive Summary)

Secret Type	Evidence (Match)	Severity	Remediation Guide
Sensitive Keyword	; password:	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	END_ICON_PASSWORD_TOGGLE	Medium	Replace with Android Keystore or Encrypted Storage.

Secret Type	Evidence (Match)	Severity	Remediation Guide
Sensitive Keyword	Landroid/text/method/PasswordTransformationMethod;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	Lcom/google/android/material/textfield/PasswordToggleEndIconDelegate\$1;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	Lcom/google/android/material/textfield/PasswordToggleEndIconDelegate\$2;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	Lcom/google/android/material/textfield/PasswordToggleEndIconDelegate\$3;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	Lcom/google/android/material/textfield/PasswordToggleEndIconDelegate\$4;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	Lcom/google/android/material/textfield/PasswordToggleEndIconDelegate;	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	PasswordToggleEndIconDelegate.java	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	TextInputLayout_passwordToggleContentDescription	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	TextInputLayout_passwordToggleDrawable	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	TextInputLayout_passwordToggleEnabled	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	TextInputLayout_passwordToggleTint	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	TextInputLayout_passwordToggleTintMode	Medium	Replace with Android Keystore or Encrypted Storage.
Sensitive Keyword	avd_hide_password	Medium	Replace with Android Keystore or Encrypted Storage.

[!] Note: Showing top 15 critical findings. Total 128 secrets detected in full scan.
